

5th Clinical Skills Conference

Date : 4th September 2012
Time: 09.00 – 17.00
Venue: Heart of the Campus
Sheffield Hallam University

**Sheffield
Hallam
University**

The conference is aimed at all health care professionals involved in the teaching of simulation and clinical skills. You will be introduced to innovative teaching and learning methods, have the opportunity to share best practice and network with people who are driving simulation forward both nationally and internationally. At the conference organised in conjunction with the Yorkshire and Humber Clinical Skills Network (CSN), there will be lectures from regional and international speakers in healthcare. You will also attend a choice of presentations and or workshops, which you will select at registration on the day.

Keynote speaker Dr Peter Dieckmann

Dr Peter Dieckmann –Ph.D., Dipl. – Psych., Psychodrama (DAGG). Peter is working with training simulation since 1999 and being employed in patient simulation centres since 2012. Peter investigated simulator training in different domains and wrote his Ph.D thesis on using simulators in Anaesthesiology. His research focuses on understanding simulation as a social practice, trying to optimise the interplay of concepts and technology as well as using simulators to understand human error.

Delegate rates

£45 for members of the clinical skills network
£55 for non members
£15 for students

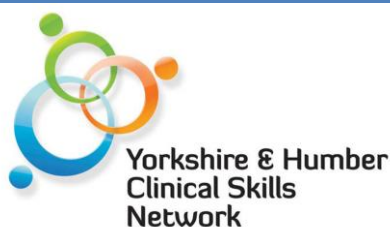

To book a place on the conference please complete the attached application form and forward it along with payment (cheques made payable to Y&H CSN) to

Karen Shaw
Co The Rotherham NHS Foundation Trust
Moorgate Road
Rotherham
South Yorkshire
S60 2UD

Anyone wishing to sponsor the conference please contact a.hope@hud.ac.uk
