6	Course Description
	Looking for Birmingham psychology courses? Our BSc (Hons) Psychology degree is accredited by the British Psychological Society and allows you to take a year-long industry placement. Make sense of the real world through gaining a deep understanding of how the core and specialised areas in psychology contribute to our understanding of contemporary issues, as well as looking at the role of brain function across multiple psychological perspectives. You'll apply scientific reasoning and evaluate patterns of behaviour, gaining key transferable skills in communication, teamwork and problem-solving. **What's covered in the course?** You will explore scientific approaches to understanding the mind, brain and behaviour. Demonstrate knowledge and understanding of the historical and scientific underpinnings of the discipline of Psychology and how these underpinnings change across the core curriculum topic areas. Explore how the six core areas in Psychology can explain factors that influence the mind, brain, behaviour and experience, and of the complex interactions between these. You will develop knowledge and understanding of Quantitative and Qualitative Research Methods. Our Psychology department works in partnership with the nationally recognised Advance HE to continually develop the quality of both our staff and the programme, focusing on self-development, contemporary learning practices and integrating practice within the community.

13 Overall Student Workload and Balance of Assessment

Overall student *workload* consists of class contact hours, independent learning and assessment activity, with each credit taken equating to a total study time of around 10 hours. While actual contact hours may depend on the optional modules selected, the following information gives an indication of how much time students will need to allocate to different activities at each level of the course.

- *Scheduled Learning* includes lectures, practical classes and workshops, contact time specified in timetable
- *Directed Learning* includes placements, work-based learning, external visits, on-line activity, Graduate+, peer learning
- *Private Study* includes preparation for exams

The *balance of assessment* by mode of assessment (e.g. coursework, exam and in-person) depends to some extent on the optional modules chosen by students. The approximate percentage of the course assessed by coursework, exam and in-person is shown below.

Level 4
